### Stoddard Celebrates "National Nursing Home Week"

Established by the American Health Care Association (AHCA) in 1967 and always beginning on Mother's Day, "National Nursing Home Week" provides an opportunity for residents and their loved ones, staff, volunteers and surrounding communities to recognize the role of skilled nursing care centers in caring for America's seniors and individuals with disabilities.

During May 14-20, 2017, Stoddard Baptist Nursing Home (SBNH) and Stoddard Baptist Global Care (SBGC) united with other skilled nursing care centers under the theme, "The Spirit of America." This theme underscored the bond between staff, volunteers and residents that capture the American spirit.

The week began with a Mother's Day Tea and Hat Day on Sunday, May 14th at SBGC and an Opening Ceremony/Cookout on Monday, May 15th at SBNH with special guest, Councilmember Brianne K. Nadeau.

**Solomon Ihejirika Receives CECA’s Annual D.C. Region Award**

Solomon Ihejirika, Certified Nursing Assistant (CNA) at Stoddard Baptist Nursing Home, was chosen as one of three honorees to receive the Ceca Foundation's First Annual D.C. Regional Caregiver Award. Each honoree received a \$2,500 award presented at their respective healthcare organization. This initiative serves to recognize remarkable health caregivers and the exceptional resident care they provide. Solomon is a dedicated CNA whose commitment to caregiving shines through every day, as an advocate for Stoddard's residents and patients. The annual regional awards are an extension of Ceca's monthly and quarterly awards granted to caregivers who exemplify qualities of empathy, humor, integrity, professionalism and teamwork in treating patients or residents.

In making Solomon's Ceca Award nomination, one of his colleagues wrote:  
"One evening, a resident became extremely anxious, crying uncontrollably. The resident was not assigned to Solomon, but he took it upon himself to stop what he was doing, sit with the resident and ask in a very comforting voice, "How can I help you?" The resident responded, "I have not been able to talk to my only son for two days. I am very scared, he is my everything." Solomon transferred this resident from bed to chair, obtained the phone number for the son from a nurse on duty, took the resident to the nurse's station and dialed the son's number. Solomon said in a very professional manner, "Your mother is very anxious today and would like to hear your voice." The resident and son spoke and at the end of the conversation, the resident was very, very grateful. She stopped crying and held Solomon's hand, saying "thank you, you are just an angel."
